certain disputed points to Hon. Jeremiah S.

Black, of Pennsylvania, as arbitrator. Both

States agree to submit to his decision as final

and conclusive. The two committees, sit-

ting in joint session, after hearing the state-

ment of the Maryland Commissioners, and

fully considering the matter, determined to

report a bill providing, in the event that

Maryland concurs, that Maryland shall ap-

point one arbitrator, Virginia another, and

the two shall choose a third, and to

the three shall be referred all the

questions at issue between Virginia

and Maryland relative to boundary lines and

mour of New York, John A. Campbell of

Alabama, W. A. Groesbeck of Ohio, and

William A. Graham of North Carolina were

mentioned in connection with the appoint-

ment of arbitrator on the part of Virginia.

After a full discussion of the claims of all

these gentlemen, Mr. Graham was selected.

Mr. Grabam is one of the most distinguished

sons of the Old North State, having been

Governor of the State, Secretary of the

United States Navy, and member of Con-

gress. It is presumed that Maryland will

appoint Mr. Black as arbitrator on her part

proposed by the committees for this State.

Compromise Financial Measure. Washington, March 21 .- The Committee on Finance held a special meeting to-day, at which a compromise financial measure was agreed upon, to be reported to the Senate next Monday.

In its main features the bill will fix the amount of greenback circulation at \$382, 000,000, thus legalizing the reissue of tha portion of the \$44,000,000 legal-tender re serve which is now outstanding, and making it a part of the permanent circulation. The bill will also authorize free banking on the national banking system, but will contain a requirement that legal-tender notes shall be retired from circulation proportionately as national bank-notes are issued.
